Optimism was expressed at the first United Fund campaign report meeting and luncheon yesterday, despite reports from most chairmen that pledges and collections were below the level expected at this stage of the drive.

Pledges totaling \$184,471 were reported, representing 44.1% of the \$410,000 campaign quota. Several chairmen indicated pledges to date include the "every" collections and the remainder of the money will need to be solicited through hard work. "From here on it will take an eyeball-to-eyeball approach if we are to reach our goal," Paul Kelly, covice-chairman of the drive, told the meeting.

Yule Mail Call Listings To Be Published Again

A special pre-Christmas service intended to let our servicemen know they are remembered by those at home during the holiday season will be sponsored for the sixth consecutive year by the Granite City Press-Record.

Again this year, the newspaper will compile a list of Quad-City military personnel whose names and addresses will be published in a series of "Yule Mail Call" lists, starting within the next two weeks.

Despite a substantial reduction in the number of troops serving in Vietnam, many local servicemen still are on duty this Christmas with the Armed Forces, serving at overseas and at home.

Those servicemen remaining in Vietnam are more isolated and lonely than in previous years since many of their buddies have returned to duty in

goal," Paul Kelly, covice-chairman of the drive, told the meeting. It was reported that Lyle F. Guley, general UF chairman, is ill. Drive activities will continue as planned by Kelly and William Horstmann, covice-chairman.

The luncheon meeting was held at noon yesterday in the YMCA with 60 UF workers and officials attending. Mitchell Miloski, industrial firms chairman, reported that 78% of the \$140,000 goal in that division had been achieved with \$106,307 donated or pledged.

Russ Crecelius, co-chairman with Ed Boyer of the industrial employees collections, said

the United States, a Red Cross field worker reported recently. Through the "Yule Mail Call" program, relatives and friends of local servicemen and women, serving at home or abroad, are invited to provide the names and addresses to the Press-Record for listing in subsequent issues of the newspaper.

It is hoped the pre-holiday project will help cheer Quad-Cityans in the military forces during the Yuletide season by enabling individual local residents, clubs or church and service organizations to send Christmas greeting cards, letters or gift packages to the servicemen of their choice.

Early Listing Necessary To guarantee mail delivery in time for the coming holidays, it is essential that names and addresses be submitted to "Yule Mail Call" lists, starting within the next two weeks.

News Notes

SU-SW, Springfield and Rockford area legislators, whose pending Exposition Hall, Convention Center, and other bills are still pending in the Illinois General Assembly, met with Peoria legislators as the Assembly resumed Tuesday.

He also planned new legislation establishing such halls in those four areas. The previous bills, passed 39-22 by the Illinois Senate and now in the House, drew opposition from some Republican legislators and it is hoped the new measure will omit any unpopular provisions State Sen. Sam Vadabene reports.

State Rep. Leland Kennedy will be honored at a recognition party from 5:30 to 7:30 p.m. tomorrow at the Lewis and Clark restaurant, Highway 73.

The Granite City Air Pollution Control Board, mayor, city attorney and aldermanic committees on air pollution and sanitation will meet at 8 o'clock tonight in the City Hall courtroom to develop plans to comply with state rules banning open burning.

State Treasurer Alan Dixon said Tuesday he favors U. S. Senator Adlai Stevenson III as 1972 Democratic vice-presidential nominee.

The Illinois Racing Board issued on Tuesday a 10-point proposal intended to prevent manipulation of racetrack results through banning land trusts as track owners. It recommended legislation preventing public officials from owning racing stock.

A bill to start a state lottery, with 30% of proceeds going to schools, was introduced in the Illinois House yesterday. Another bill would liberalize controls over operation of bingo games, which became legal this month.

Clinic Funds Withheld And Placed in Escrow

By MARION BARTOSIAK

Madison County 708 Mental Health Board cut requests and limited county allocations to the same amounts as last year for operation of the Quad-City and Alton Mental Health Clinics at a meeting Tuesday night at Edwardsville.

The budget for the Quad-City Clinic was set at \$83,854 on a motion by Edwin Resake of Granite City, down from the requested \$141,799. It was stipulated that the money be spent for the same purposes as last year, despite a state action to have new programs initiated.

The Alton Clinic, which had asked for \$122,265, was cut to \$85,350, with the same stipulation.

The 708 Board then reluctantly by adding \$70,000 to be held in escrow until it determines whether new additional services planned by the county at the state's urging are acceptable to the 708 members.

That action came after Board Member Sylvester Buggar had passed in voting on the basic clinic cuts.

Of the extra amounts, \$20,000 will be held, possibly to train 87 school counselors to handle mentally disturbed pupils.

The other \$50,000 represented a 50% cut in the requests for additional services. Members of the 708 board claimed they were unopposed to the programs and the needs.

Marshall Smith, assistant state's attorney and the board's legal advisor, suggested the 50% cut for the new programs "until we see how they work. If there is merit to the programs, then you could put them into effect during next year and the money would be available."

Smith said the new programs were designated for "high risk areas" of emotional illness.

William Daumueler, executive director of the Quad-City clinic, earlier told the board that the new programs would include a suicide prevention service; a day hospital for mental health patients, affiliated with St. Elizabeth Hospital, and a community health team composed of paraprofessionals who would bring clinic services to those not now using them.

The total state allocation to the local clinic is \$138,600, compared to \$74,000 last year, but only \$34,000 can be spent for regular clinic programs, it was said.

The 708 board previously approved budgets of \$89,000 for Specialized Services, the same

as last year; \$7,200 for special services, transportation, same; and \$18,000 for an Edwardsville class for mentally retarded children, up \$6,000.

At the opening of the meeting, board member Harry Johnson of Madison objected to criticism that the 708 Board is more interested in saving tax money than in mental health.

He said 164 handicapped and mentally retarded persons are employed through the assistance of the board, including 144 at Alton and 20 in Granite City.

He added that a psychologist has been provided to the circuit court to interview persons charged with crimes and to provide a woman psychologist at the county detention home.

Requests for \$58,892 are being made for the new budget, he said. "Where is the money going to?"

Brummer Designer of New McKendree Organ

McKendree College of Lebanon will dedicate a new chapel organ at an organ concert at 4 p.m. Sunday, Oct. 17, by Gerhard Krapf, professor and head of the organ department in the School of Music, University of Iowa, Iowa City, Ia.

The Werner Bosch Organ Co. of Kassel, Germany, built and installed the two manual and pedal organ in the restored century-old Bothwell Chapel on the 143-year-old McKendree College campus.

Specifications for the organ were written by Prof. Glenn H. Friener, chairman of the fine arts division of McKendree College. The organ was designed by W. A. Brummer, organ architect for Midwest Organ Service, Granite City.

The organ is a tracker type with slider chests. It is mechanical, the only electricity used is for the blower. "The system is centuries old," Prof. Friener said, "but the direct mechanical linkage gives the organist

more direct expression, provides more vigor and freshness than other systems. The voicing is in the South German baroque manner."

Blend of Modern, Ancient

"Modern technology is applied to ancient principles of construction of slides and key channels. Almost all moving parts are of metal; thin steel wires replace wooden trackers. Metal pipes are of a combination of tin, lead and copper. Wooden pipes are of German oak and African mahogany. The wind chests are of laminated limba wood from Africa."

The organ has 15 stops, 18 ranks and 921 pipes. The Bothwell Chapel or "Old Chapel" at McKendree was built in 1856. It was completely restored in 1969-70 from a bequest by the late Miss Marian Bothwell. Bothwell funds and gifts by Miss Otilia Baltz of Nixstadt, Ill., and Dr. Faith Bauer of Pennsburg, Pa., provided the organ to complement the restored chapel.

Prof. Krapf is a native of Germany and a naturalized citizen. He received his musical education in Germany and completed advanced degree work in the U. S. He has been on the faculty of several colleges, and at Iowa since 1961. He has written two books on music, translated one, authored articles, and composed chamber music, organ and choral works.

The Bi-State Development Agency has filed a preliminary application for a capital grant of \$1,100,000 with the Urban Mass Transportation Administration of the Department of Transportation. The money, if received, will be used for construction of a new consolidated central Illinois garage for the Bi-State Transit System to replace the present inadequate facilities in East St. Louis and Belleville.

The grant requested would provide in part for the purchase of land, grading, drainage, and utilities installation; the construction of undercover storage areas; a garage with shop quarters and office space.

It also would cover the purchase of modern washing and cleaning equipment, tools and all other related equipment and facilities sufficient to maintain a fleet of buses currently operating from Illinois garages in the Belleville-East St. Louis area.

In a letter to Carlos C. Villarreal, administrator of UMTA, Bi-State pointed out that the new garage would be centrally located in Illinois and would permit the closing of the present Belleville and East St. Louis garages.

A major environmental improvement would result from the fact that the additional undercover storage would reduce the need to run bus motors at night during the winter. From an economic standpoint, the proposed centrally located division will reduce overhead related to utilities, security and plant maintenance.

The action followed discussion by R. W. Hardy of Belleville, a deputy regional representative of the Illinois Fire Insurance and Rating Bureau, of regulations which, he said, prohibits establishment of only part of an urban area qualified for insurance coverage.

Hardy told the meeting that to extend the urban area advantages to Eagle Park, or any other section of the township, the entire township must be designated in the same status.

Board members also discussed possible acquisition of a vacant building on Bond Road which is expected to be moved or otherwise disposed of when the area is acquired by the Illinois Department of Conservation for park development.

Proposed terms of insurance coverage for township employees and for coverage on township property and equipment, as proposed by Lueders Insurance Agency, also were considered. Approximately 25 persons attended the semi-monthly board session.

Work Study Program Explained to Rotary

A three-year work study program that will end Aug. 31, 1972, and designed to slow down the school dropout rate was explained to Madison Rotarians by Ronald D. Davis during the club's Wednesday noon meeting at the Madison Recreation Center.

The study is being conducted, at selected schools in 16 states and is known as Work Experience and Career Exploration Program (WEECEP). Students 14 through 16 work three hours and go to school three hours each day. Labor laws have been amended to permit the program, although there still are numerous restrictions as to type of work the young people may do.

Davis, a vocational coordinator at Madison High School, will welcome inquiries by prospective employers.

The club inducted into membership Rev. Ben Bankhead, pastor of the Model Chapel AME Church, Alton.

General Steel

Strikers End

1-Day Walkout

About 250 strikers were back on their jobs at General Steel Industries this morning after settlement of a one-day walkout over the three-day suspension of a welder.

All welders and burners at the local plant left their jobs about 8:30 p.m. Tuesday in a dispute over the suspension of Charles "Cowboy" Thompson for repeatedly leaving the job early.

Strikers claimed the suspension was the result of Thompson returning five minutes late from a lunch break.

The strike was not authorized by the union, the International Brotherhood of Boilermakers Local 330. Union president Clarence Propp instructed all workers to return to their jobs at noon yesterday.

Company officials said the plant did not have full work forces during the night but that there were sufficient numbers of welders and burners to keep operations running normally. The one-day strike affected production in isolated cases only.

Begin Negotiations

Union officials and company representatives went into negotiations on the grievance at 4:45 p.m. yesterday and negotiations were to continue today.

Meanwhile negotiations were to continue today on an American Steel Foundries contract with the International Association of Machinists and Aerospace Workers, District 9. Bill Hemkin, business agent for the union, said machinists rejected an offer in voting at the Labor Temple here yesterday, but a new proposal was expected to be ready for a vote this week.

The contracts for the machinists and the International Association of Electrical Workers, Local 309, expire at midnight tomorrow.

American Steel and the IBEW reached agreement on a new contract Monday.

Contracts for the Patternmakers League of North America at American Steel and for the United Steelworkers of America, Local 1022, at General Steel Industries, expire at midnight Sunday, Oct. 31. Negotiations on both are under way.

Rotarians Urged to Be 'At Peace With Self'

Granite City Rotarians at their weekly luncheon Tuesday were urged by Lon Sizemore, Missouri Athletic Club athletic director, to inject more relaxation into their working and leisure hours and to avoid dissatisfaction, unconstructive criticism and tension. He stressed the physical and emotional health value of being "at peace with yourself and the world."

Officer Roy Koberna of the Granite City police explored a speaking and magic program which will be presented to primary grade pupils to instill respect for law and order and understanding of safety rules.

Rotary President Albert H. Froemling presided and William Thoeke was program chairman.

Accident Cuts Power at SIU-SW; Injures 2 Men

Two employees of R. Dron Electrical Co. of Granite City were injured and electrical power service at Southern Illinois University - Southwestern campus was disrupted for 3 hours and 25 minutes yesterday after an explosion in a manhole near the new SIU-SW Religious Center.

The two workmen, Robert James Gwinn of Collinsville and Oren Priest of Jerseyville, were working in the manhole attempting to hook up power lines to the religious center from the campus power distribution system when the accident occurred at 2:40 p.m., SIU authorities said. Power was restored at 6:05 p.m.

Both men were treated for flash burns near the eyes, was advised to seek further treatment at St. Elizabeth Hospital here, and was found by university personnel still working at the accident site at 5:30 p.m. Wednesday and refused to leave until power was restored, an SIU spokesman said today.

There was no power service on campus during the afternoon except for a few areas served by auxiliary generators. Some afternoon classes were dismissed and the Lovejoy Library was closed until 6 p.m. A few people were temporarily trapped in elevators.

Evening classes were held on campus as usual, the SIU official noted.

Home Burglarized

Burglars entered the home of Kenneth Britton and Wallace Blocker, 1436 State St., but it was undetermined if anything was missing, it was reported this week. A window was broken.

Assessment Schedule

Deadline Set Friday

Personal property tax schedules for this year must be filed with the township assessors office no later than tomorrow by persons who hope to take advantage of exemptions on one auto and household furnishings, Assessor James Barton announced today.

Tax schedules were mailed in late September after the Supreme Court nullified a 1970 referendum that eliminated all personal property tax except that of industrial corporations. Because of the ruling, assessors that had been allowed to all taxpayers had to be replaced on the books, Barton said.

The assessor said some families who were not on the books or year or householders, who would be eligible for exemptions on one car and household furnishings this year, should apply for the exemptions within the next two weeks.

SU-SW Tuition Refunds To Be Mailed This Week

The last of the fall quarter tuition refunds due students who registered early at Southern Illinois University-Southwestern will be in the mail this week. K. R. Hucker, university bursar, said 698 tuition refund checks will be mailed. The checks total \$8,144.25.

Refunds, became necessary when the SU Board of Trustees voted to delay collection of a tuition increase which originally was scheduled to be effective at the start of the fall quarter. The decision came after several hundred students already had registered and paid the higher tuition rate. Total refunds will amount to approximately \$60,000.

view with an official of the State Mental Health Department which he attended with Johnson and Wayne Bridgewater.

He said the 708 Board in Madison County is one of the best in the state. The 708 board has the duty and the responsibility to set policy, he said, adding, "We still hold the purse strings."

Discussing proposed new hospital services, Reiske said that only public aid people can be treated for not more than 10 days. "If longer, they must have a reason." He questioned how state funds could be channeled to religious hospitals, but not to religious parochial schools.

Bridgewater said he was informed in Springfield that budget requests of the clinics were

initiated in the county and not directed by the state.

"The local clinics ask for a certain amount of state funds, and the state gives it to them," he said.

He proposed an increase of funding at a slower rate than asked this year.

"We are armed with the responsibility to see that these tax dollars are spent efficiently and effectively," Bridgewater continued.

"Possibly we interpreted it wrong that we were going to be forced to accept new programs without compromise or negotiations. We found in Springfield this was not the case. We balked," he said.

"There should be a dialogue between all of us. Johnson warned against increasing clinical salaries in the face of the current wage freeze. Ralph Yemmi, 708 Board chairman, referring to complaints he said he had received of clinical staffs heading in the direction of Missouri at 4:30 p.m., indicating they reside

across the river while being paid Illinois taxes. "That's illegal," he said.

Reiske added that Daumiller resides elsewhere than in the county.

J. J. Gramlich, a former member of the 708 Board and a member of the Board of Supervisors mental health committee, commented that with employment of 16 psychiatrists for a school counselor program, there would be 16 more persons who reside in Missouri.

Referring to other complaints recited by Gramlich, the board passed a motion eliminating "moonlighters" from mental health programs.

The board authorized circuit judges to employ the county jail psychiatrist and to decide his effectiveness.

The new budgets are to be presented to the County Board of Supervisors. Finance committee is to be included in the county budget now under consideration.

Casey-Wakefield Wedding At St. Elizabeth Church

Miss Kathleen Ann Wakefield became the bride of John E. Casey of Yonkers, N.Y., at a noon nuptial mass Oct. 9 celebrated by the Rev. Lawrence Mattingly at St. Elizabeth Catholic Church.

The bride is the daughter of Mr. and Mrs. LeRoy E. Wakefield, 1716 Primrose Ave. The groom is the son of Mr. and Mrs. Paul Casey of Yonkers, N.Y.

Mrs. Francis Judd presided at the organ and furnished appropriate wedding selections as the bride was escorted down the aisle by her parents for the double ring ceremony.

Miss Margaret Walck of Granite City was maid of honor and Miss Joan Casey of San Francisco, Calif., a sister of the groom, was bridesmaid.

Attending the groom as best man was Gregory V. Guilfoyle and groomsmen were Thomas L. Snodgrass, both of Yonkers, N.Y. Michael Wakefield, a brother of the bride, was usher.

The bride wore a wedding gown of oyster-white cotton lace over oyster-white satin designed and made by her mother. Fashioned with a high waist, the bodice had a scooped neckline edged with ivory ruffles and five satin-covered buttons marking the front from neckline to the waist. The long sleeves ended in matching ruffles at the wrist, falling to points over the hands.

A large satin bow secured a fingertip veil and she carried a bouquet of red roses, centered with white carnations and tied with avocado streamers. Mandarin-style dresses of burgundy crepe de chine worn by the attendants were accented with deep gold braid. Matching bouquets of burgundy crepe held their rose-tips with red roses and white sequins outlining the scooped neckline and a front pleat and complemented with blue and white accessories.

The groom's mother selected a pale green chiffon dress trimmed with seed pearls and white sequins and matching accessories. A wedding luncheon was served immediately following the ceremony in the 200 Room at Tri Mor Bowl. Music was provided by Marty Aerne.

Out-of-town guests included Mr. and Mrs. Paul Lembeck of

The bride is employed by the Internal Revenue Service in New York. She was graduated from Granite City High School in 1967.

Mr. Casey attended Cranwell Preparatory School in Lexington, Mass., and received his B.S. degree from Boston University. He completed a tour of duty in Vietnam before his discharge from the U.S. Army. At the present time he is employed with Ernst & Ernst Accounting Co., in White Plains, N.Y.

Players Needed For Ice Hockey Teams at Park

Players are still needed for Granite City Amateur Hockey Association teams which practice and play at the Wilson Park ice rink.

Practice sessions are underway but more boys between the ages of 6 and 16 are needed to complete the teams, a spokesman said this week.

Boys must be park district residents to participate in all but the Midget class which is composed of boys of 15 and 16 years of age.

Players may register at any practice or may contact Ed Juneau at 877-1400. Boys from 6 to 8 may play in the Mini-Squirt class which practices from 4 to 5 p.m. Mondays.

Park residents 9 and 10 years old may compete in the Squirts league which practices from 5:30 to 7 p.m. Wednesdays. Boys 11 and 12 may enroll in the Pee Wee division during practice from 5:30 to 7 p.m. Thursdays, while boys 13 and 14 may enter Benjamini competition during the same time period Tuesday evenings.

Midgets, boys ages 15 and 16, practice on Mondays from 5:30 to 7 p.m. and boys residing either in or out of the district may compete. For Midgets residing in the district, enrollment is \$45 plus \$8 for insurance. Included are all ice rentals and a basic uniform. All padding, underwear and equipment, including a helmet must be supplied by each player.

Midgets residing out of the park district boundaries will be charged \$80 plus \$8 for insurance to enter the program. The total cost for Squirts, Pee Wees and Benjamini is \$45, including insurance. Mini-Squirts are required to pay only \$20 to enroll in the program.

Belleville East to Appear For Warrior Homecoming

The Granite City High School football Warriors will host the Belleville East Lancers at their annual Homecoming game at 8 p.m. Friday.

The Lancers are 3-1 (won-loss) this season having had a 2-2 record last year and a perfect 10-0 two years ago.

To date they have owned Edwardsville 14-6, Ritenour 13-7 and Belleville Althoff 21-6. The Lancers only lost came at the hands of Belleville West 26-8.

The Warriors lost to East in 1968 and 1969 and have not played them since.

The Lancers only losses last season were to Belleville Althoff 14-6 and Alton 23-20.

East has an offense that is on a par with anyone in the area. The Lancers play a basic 6-3 defense, run on a double wing or "flying T" and use a basic two-on-one trap.

Fullback Marty Babinski, sen-

ior, 5-10, 200, their leading ball carrier may pose a real threat to the Warriors.

Other Lancers in the offensive backfield are Bruce Dunning, junior, 5-10, 176, and Mark Stefank, senior, 5-10, 174, both playing halfback, and Kenny Boughn, junior, 6-2, 182, will be at quarterback.

The Belleville East line includes Steve Carroll, senior, 6-3, 182 center, with Kenny Bisso, senior, 5-9, 153, and Bob Stewart, senior, 6-1, 192 guards.

The tackles will be Dennis Crane, senior, 6-2, 208, and John Hartman, junior, 5-11, 199.

Rounding out the end slots are Brad Harrison, senior, 6-5, 210, and Jay Ellison, junior, 6-1, 182.

In the defensive Lancer line are Terry Mueller, senior, 6-1, 220, and Kevin Ditter, junior, 5-11, 285.

Linebackers are Gary Cox,

junior, 6-2, 206; Mike Kozan, senior, 5-9, 177; and Ed Dintman, senior, 6-0, 190.

Deepbacks are Dave McCarty, senior, 5-9, 172; Mark Carwell, junior, 5-10, 158; Jerry Ratay, junior, 5-10, 152; and Greg Guetterman, junior, 5-11, 176.

Belleville East is in its fifth football season as the school opened in 1966. The enrollment is 2,800 in four grades.

Dean Renn is head football coach of the Lancers, also in his fifth season.

The Warrior grid offense will have its last chance to prove they want to play football, before full scale changes are made in the offensive lineup, according to Coach Wayne Williams.

"I am very happy with our defense," the boys have team pride and are playing hard, but the offense is a different story," Williams said.

"This is the first time in my coaching career that I have been shut out two games in a row. If our present offense is not going to score, we might as well put in sophomores and juniors and give them a chance to gain experience."

"I will continue to play seniors on defense as they are doing a great job, but I intend to make full scale changes in offense if there is no improvement Friday."

"Belleville East has a good defense, with a lot of team spirit and pride. The Lancers have a fullback named Steve Bonagario, and we're going to have to stop him. If we stop Bonagario we can stop East. He is the key to their offense, and is an excellent fullback, one of the best I have ever seen."

Injuries have hurt the Warriors. Gary Lively, fullback, will still be out against East, and William Arnold, also a fullback, is questionable. Arnold goes to the doctor Friday, and the outcome of the visit will determine if he plays.

Jalbeck, and Stan Stajduhar, halfback will be playing.

Warrior end Jim Childers, who suffered a hip injury, will probably be out of action.

A large crowd is expected at the game.

Trojans to Seek 1st Victory At Eureka, Mo., on Saturday

The Madison High School football team will travel to Eureka, Mo., Saturday, for a homecoming clash at 2 p.m. Saturday.

Eureka, with a 636-pupil enrollment, has 83 out for football, including 26 seniors.

Like the MHS Trojans, the Eureka Wildcats have yet to win a game after four outings. Last year they had a 4-5 record.

The Wildcats also have been playing an independent schedule but next year will be a member of the Suburban Conference. They will remain on the MHS schedule.

Ron Massa is the head football coach for Eureka. He graduated in 1955 from Collinsville High School where he was an end for the Kahoks.

Plagued With Injuries
The Wildcats have been plagued with injuries. Three players, their fullback, an offensive guard and a defensive end were hurt last week and are out of action with knee injuries.

Football fans will see basically a running game, with the Wildcats playing a wide tackle and a 60 defense. On offense they use a Wing T, with an un-

balanced right about 80% of the time. They trap in almost every play.

The Wildcats had 15 returning lettermen but only 10 are left.

Playing the offensive line will be Paul Cline, senior, 5-10, 160 right end; Tom Rutz, senior, 5-9, 150 right tackle; Steve Walach, junior, 6-3, 180 right guard; Reg Welty, senior, 5-10, 160 center; Rick Fanning, junior, 5-10, 165 left guard; E. R. Sutter, senior, 5-10, 190 left tackle; and Eric Darrough, sophomore, 5-11, 190 left end.

Eureka Backfield
The Eureka backfield will have Jerry Heiderich, senior, 6-0, 185, quarterback; Mark Markovich, senior, 5-10, 150 left half; Rick Frazer, junior, 5-7, 140 right half; and Steve Bonagario, senior, 5-11, 176 fullback.

There will be little change in the Wildcat defense. Randy McMahon, junior, 6-1, 160, and Lon Lynn, senior, 5-10, 150, are the defensive backs.

Don Brown, junior, 6-2, 175 defensive end, who was hurt, may make the game.

Coach Massa's comment to

the Press Record after scouting the Madison-Sparta tilt was, "I would like to trade three or four players for Chandler. He could be a real threat. I think the two schools are about equal, and we will have a real good ball game Saturday."

Experience, Maturity
"We're still in need of experience and maturity on the field, and that's a rough road to hoe, but we're still plugging away at it," head Trojan Menelino Imanheim he could set the

"It's hard to develop a winning spirit in a team that has not tasted victory. The same thing is true when your trying to develop a line."

"If I had only one experienced lieman he could set the example and the others could see how a line should be played. Without some experienced players leading the way all you can do is talk about what they should be doing."

"The game Saturday should be a good one. I think the teams are about equal, although Eureka has a little more of an experienced team."

Granite City will meet St. Thomas at 2:30 p.m. while Alton-Inville and the host team battle. The losers in each game will play a consolation game at 6:30 p.m. and the winners will move into action for the championship at 7:45 p.m.

Unbeaten GC HS Kickers Drop Assumption 9-1 for 4th Victory

The undefeated, united Granite City High School soccer squad added a fourth consecutive victory to its record with a convincing 9-1 win over the Pioneers of Assumption High School at Fairmont City Tuesday evening.

The players, many of them returning lettermen, vividly remember the 1-1 tie with Assumption in December 1970 and were prepared to leave no doubts of their superiority on the soccer field.

They really wanted to win this one, Coach John Sellmeyer commented, adding, "The first team only played about 30 minutes and they were anxious to get back in."

Sellmeyer took 26 players to the game and utilized each of them before the 60 minutes of play was completed.

In the first 10 minutes Carl Duke took a pass from Jim Forrester, pumped it up the middle and scored.

Bronnbauer Hits 3
Two minutes later Jim Conway passed to Bill Bronnbauer who tapped it in. At 20 minutes into the first half, Bronnbauer took a pass from Randy Worthen for the Warriors' third point and one minute later

Bronnbauer did it a third consecutive time, taking a pass from Dennis Jones and turning it into a point. They were Bronnbauer's fourth, fifth and sixth goals of the four game season, making him the highest scorer on the team.

One minute before the half-time whistle blew, Forrester earned a point on a penalty kick and at the half the Warriors led 5-0.

On the second period kickoff Jim Forrester took control of the ball and passed to Jerry Duncan who booted the sixth point. Two minutes later John Conway passed to his brother Jim who neatly tucked the ball into the net.

Halfway through the period, Tod Donitrovich passed across the field to set up Jim Conway for an easy tap in.

The Lesche Literary Club observed "Guest Day" Tuesday when members chartered a bus to St. Louis for a tour of historic homes.

The first stop was at the Chateaufort De Menil mansion where a guide spoke on the early origin of the house and gave a brief history of the occupants. A visit to the carriage house and gift shop concluded the visit.

Members and guests then lunched in the gardens of the Campbell House, and toured the antebellum house which has opened the second and third floors to the public. Fourteen members and guests including Mesdames Herman Steinberg, Emil Mueller, Roy Baugh, Emmett Beeler, Walter Klein, Robert Toburen, William Eichacker, Nancy Meadows, Emmett Carraher, William Caras, R. W. Starr, Des Rodolfs, Thomas Pauly, Edward Pauly, Ava John and Myra Leslie attended the day long affair.

BENEFIT SALE, HOME TOUR BEING PLANNED

The executive board of the Granite City Junior Service Club, meeting at the home of Mrs. Linda Saltich, 2820 Wayne Ave., has made plans for a white elephant sale at the general meeting of the club Oct. 18 at the Civil Defense building.

The president, Mrs. Carol Trittschuh, conducted the business session and reports were given by the treasurer, Mrs. Mary Lou Worthen, and corresponding secretary, Mrs. Loretta Krevovich.

A report was given on an Oct. 5 Colonnades nursing home party. Mrs. Marilyn Bodnam was chairman, and all members sent a gift or took it to the nursing home.

Mrs. Krevovich will be in charge of the club's bowling party Oct. 23 for members, husbands and guests.

On Nov. 7, a home tour is set, with Mrs. Carolyn Thornburg in charge. Mrs. Krevovich is in charge of a tea that will be served at the last home visited.

The president announced that a new project is in progress—making of Christmas stockings which the members will sell. Membership for three new "probies" was discussed.

Those with white elephant articles for the sale next week are to contact Mrs. Sharon Cline. Refreshments were served to those named and Mesdames Phyllis Grimes and Charlene Pohlman.

Conduct Charges Filed After Tavern Fight

Two Granite City men were charged with disorderly conduct after they allegedly were involved in a fight at a tavern at 18th and State streets at 7 p.m. Tuesday.

Huntley Kenny Bertrand, 38, of 2523 Grand Ave., and Joe Dowdy, 49, of 4533 Maryville Road, were arrested at the tavern on a complaint signed by the owner. They were released on \$25 bond each.

Collide At Post Office

The autos of Herbert A. Backs, Edwardsville, and Edward A. Komorek, Collinsville, collided in the U. S. Post Office parking lot at 24th Street and Madison Avenue at 1:10 p.m. Tuesday. The left rear door of Back's car and the front of the Komorek auto were damaged.

Venice Requests State to Reconsider Grant Plea

An appeal to reconsider a \$75,000 grant request for remodeling and expanding the Venice Police Department was made to state officials this week. The request for matching funds for the \$150,000 project was denied last week by the Illinois Law Enforcement Commission.

Mayor John E. Lee of Venice said the \$75,000 Illinois Law Enforcement grant had been dismissed "because it was too small." He said "that apparently all requests for less than \$100,000 are rejected."

"As far as I am concerned, that is discriminatory against small cities," Lee said, pointing out that most small cities would not be able to match a \$100,000 grant.

In a letter sent Monday afternoon to officials of the commission and state legislators, Lee appealed for a reconsideration of the grant application. Copies of the letter were sent to Arthur J. Bilek, commission chairman; John Ellis, director of the Southwestern Illinois Law Enforcement Commission; Senator Sam Vadalabene (D-Edwardsville) and State Representatives Horace Calvo (D-Granite City) and Leland Kennedy (D-Alton).

The letter stated: "In good conscience, I must take exception to the casual dismissal of this request. The amount of dollars requested should not be a criteria used in lieu of careful consideration of the critical needs and local

commitment in disbursing grant funds."

Lee noted that crime in Venice is "a problem disproportionate to the average for a city of less than 5,000 population; however, protection of person and property is just as vital to our citizens as any living in the largest city, though not requiring vast sums of money to accomplish."

He said police department expenditures have increased from \$120,000 in 1969 to approximately \$200,000 this year and that \$241,520 has been budgeted for 1972.

If the appeal is rejected, the project will likely be dropped, Lee indicated. "We have no plans of continuing without a grant," he added.

Truck Door Struck

While backing out of a lot, an auto driven by Sanford R. Cogins, 2121 Hamilton Drive, struck the open door of a parked camper pickup truck owned by Edna R. Gilsinger, 2833 Forest Ave., this week at Johnson and Pontoon roads.

Truck Sign Stolen

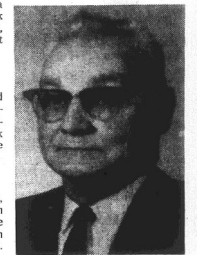

Kenneth Motes, 1712 Grand Ave., reported at 7 p.m. Monday that someone stole a magnetic name sign from his truck parked in the front of his home during the night.

Auto Stolen

The 1965 auto of Ethel Brown, 1218 Douglas St., was stolen from the parking lot of the A&P Food Store, 2000 Madison Ave., between 10 and 10:30 a.m. Tuesday.

Linda Moore Shower Honoree

A pre-wedding shower in honor of Miss Linda Moore was given during the weekend at the Third Baptist Church by Mesdames Nellis Moske, V. Wallace, Louise Pendergoss, Lucille Locke, Iris Gauen and her daughter-in-law, also Iris Gauen, and Ebel Lorenz.

The bride-elect, daughter of Mr. and Mrs. Harvey C. Moore, 2257 East 24th St., will be married to Craig M. Aumann, a son of Mr. and Mrs. Udel Aumann of Edwardsville, on Nov. 13.

Miss Moore graduated from Granite City High School and is employed at the business offices of the Tri-Gro Grocery Co.

The hall was decorated in green and gold, the wedding colors, with crepe streamers and wedding bells across the ceiling. The gift table was centered by a miniature bride and the honoree was assisted at the opening of her gifts by one of the bridesmaids, Karen Gauen. Miss Jane Moske, who is to be maid of honor, formed a ribbon bouquet for the bride-to-be; assisting were Misses Billie Young and Patti Johnson.

Table appointments were in the same color scheme, with tapers of green and yellow, green game folders and face dolly umbrellas. Prize winners who selected their gifts from a transparent umbrella were Mrs. Peggy Herzog, Mrs. Delma Elmore, Mrs. Pat Eaton and Miss Debbie Kay Elmore.

Miss Moore introduced her mother, Mrs. Allene Moore, future mother-in-law, Mrs. Edith Aumann, guests from Mrs. Della Moore and Mrs. Meta Aumann, and an aunt and cousin, Mrs. Alma Gillham and Miss Sherry Gillham.

A dessert luncheon was served to those named and Mesdames Eva Arbaugh, Elvira Kunemann, Betty Clark, Marie Johnson, Helen Santago, Joan Yetter, Eileen Fitzgerald, David Schmidt, Ginger Skaggs, Allie Smith, Laura Maples, Dorothy Born, Ruth Hopkins, Betty Watkins, Fern Baker, Janice Cory, Dee Greer, Binnie Valenzuela, Shirley Kibort, Eugene Rogers, Charles Turner, Betty Eggenmeyer, Lorine Heil, Helen Carington, Betty Castleton and Doris Stotz and Misses Sherrie L. Born and Ruth Bird.

Miss Moore was complimented earlier at bridal shower at the Montclair Bowl, given by her future sister-in-law, Misses Shere and Jan Aumann.

44 Juniors Initiated Into Secretaries Group

The five-month-old chapter of the Granite City High School Future Secretaries Association expanded from a membership of 38 to 82 with the initiation of 44 juniors into the organization, Miss Twila Edmonds, president of the sponsoring group, Tri-Cities Chapter of the National Secretaries Association, was the installing officer at the candlelight ceremony, assisted by faculty advisor Mrs. Judi Sparks.

Others present from the Tri-Cities chapter included Mrs. Gerry Sharp, Mrs. Peggy Moore and Mrs. Charlene Vinnic, chairman of the FCA committee.

President Karen Romine welcomed the new members, who had each been presented with a pink sweetheart rose, the flower representing FSA.

The new members are Ruth Anderson, Jackie Arnold, Joy Barr, Bella Blankenship, Gwen Cagle, Sue Carbaugh, Pam Clark, Pat Davis, Bertha Decker, Karen Goetting, Diane Greer, Susan Grimes, Nancy Haldeman, Diane Hecht, Barbara Hughes, Angela Hall, Mary Hull, Cheryl Humiak, Pam James, Melanie King, Betty Levens, Donna Lindner, Dorothy Mance, Shannon Marmion, Brenda Mathis, Janice Moore, Sharon Mouser, Sharon O'Beir, Leveina Pittman, Ruth Plafcan, Debi Rappaport, Carolyn Reeves, Karen Richardson, Sue Ripley, Sharon Saggio, Sandy Gilbert, Robin Smith, Jan Sykes, Jean Todd, Bev Vasquez, and J. The Alpha Ilii FSA Chapter, composed of secretarial students from Roxana, Wood River and East Alton, has invited the members of the Granite City chapter to attend a meeting in the business department of Roxana High School. An enthusiastic response was received to the invitation, and travel arrangements will be made and announced later for those who wish to attend.

A project of selling Christmas candles has been decided upon by the Board of Directors as a means of raising money for the treasury. The candles are on order and will sell for \$1.50 each. It was suggested that each member sell about four of them.

New members will be as-

signed to the committees of their choice and were asked to designate their preference. They will be notified by the committee chairmen by telephone when a committee appointment has been finalized.

A humorous skit entitled "The Unpolished Gem" was presented by six FSA and two NSA members. Playing the part of "the unpolished gem" was Billie Strauser. The skit concerned an over-dressed and under-qualified applicant for a job who learns through observations, conversations and further education that she can eventually become a good secretary.

Since the organization of the local FSA chapter last May, members have been active in the community and in high school. They entered a float in the Diamond Jubilee parade, conducting a bake sale and making plans to participate in the Homecoming parade.

Special recognition was given to President Karen Romine and Treasurer Connie Kutsky when they attended a Secretarial Seminar at Southern Illinois University-Southwestern with five members of the NSA.

The speaker for the meeting on Nov. 2 will be Mrs. Marguerite Grumme, a registered parliamentarian and a recognized authority in the St. Louis metropolitan area, who will present a humorous talk on the correct and incorrect ways to run a meeting. Miss Grumme is author of the book "Basic Principles of Parliamentary Law and Protocol."

Student Teachers to Work on Reservation

The International Student Teaching program at Southern Illinois University-Southwestern will take on a national approach this year and provide prospective teachers the opportunity to teach on an American Indian reservation.

The program will begin winter quarter, according to Gene D. Allsup, coordinator of the International Student Teaching program at SIU-SW.

Allsup said that prior to implementation of the program, "students have traveled to Mexico and Central America for international and intercultural teaching experiences. Intercultural experience in America will be extremely beneficial to the student teachers, Allsup said, since most of the students prefer teaching in the United States after their return." The foreign program will continue, added Allsup.

Students will be located on the Pine Ridge Indian Reservation, the home of the Oglala-Sioux in Pine Ridge, S. D. The reservation has 2,600 children with two high schools, one junior high, and seven elementary schools.

Mariann Yevin Elected to Head 58'ers 4-H Club

The 58'ers 4-H Club met Thursday night at St. John's United Church of Christ on Nameki Road with Mrs. Harriet Bunselmeyer and Mrs. Eva Mueller as leaders.

Janet Bunselmeyer opened the meeting, leading the Pledge of Allegiance and the 4-H Pledge. Election of officers was held with the following girls chosen to lead the Club during the coming year: Mariann Yevin, president; Janet Bunselmeyer, vice-president; Joan Hollenbeck, secretary; Wandice Wadlow, treasurer; and Ann Brunsatt, song leader.

Mariann Yevin announced that National 4-H Week was being observed Oct. 3-10, and that two display windows were featuring the 58'ers Club. A display at Grant's included various knitting, sewing, crocheting, Swedish weaving and embroidery projects, and the display at Illinois Power Co. showed the 4-H Pledge and members' project books.

The new president spoke on the 4-H Federation and encouraged the girls to join. The next meeting of the organization, which includes representatives from all county 4-H Clubs, will be Oct. 21 in Edwardsville where officers training school will be conducted.

Members turned in their registration cards, listing projects they will enroll in for the coming season. Recreation was under the direction of Ann Brunsatt and Rhondine Wadlow, and refreshments were served by Martha Mueller, Peggy Sand, and Susan Coffey.

A guest for the evening was Mrs. Alice Sigit. New members attending were Miss Lane, Cathy Wilson, Susan Sigit, Monica Wadlow, Mandie Walker, Liz Cooper, Tina Petrillo, Sally Skirball, June Matras, Ruth Orr, Mary Frances Pacek and Mary Elaine Mullen. Also present were Janet Bunselmeyer, Jeanne Jackson, Laura Hile, Elaine Kayich, Elizabeth Wilson, Peggy Sand, Nancy Weil, Peggy Smolich, Joan Kamibich, Cheryl Gentsch, Mary Mueller, Patty Brooks, Helen Zelenka and Janice Mueller.

The next meeting will be Nov. 4 at the church.

'Teach or Perish,' Dean Warns Teachers

The academic slogan "publish or perish" has been altered to read "teach or perish" in a blunt warning issued by a dean at Southern Illinois University at Carbondale.

Horton Talley, dean of the SIU College of Communications and Fine Arts, cautioned teachers in a letter Oct. 1 that an especially dim view is taken of such practices as canceling class sessions, incomplete roll calls and failure to hold exams at assigned times.

"I wonder if anyone who feels any class is a waste of time is not someone we do not really need on the faculty," Talley said. "I am sure it is a truism that the class will be no more interested in the subject than the teacher is."

Dean Talley concluded his letter: "All of you who do your work conscientiously will not object, I think, to our checking of any of your colleagues who feel they are hired just to do as they please with no responsibility to either the students or to the university."

Quiz Team On Quiz Program Oct. 16

Four Granite City High School senior boys have been selected as a team to participate on the "Scholar Quiz" television show in St. Louis Saturday.

Greg Jones, George Johannmeier, John Langley and John Pierce tabulated the highest score of 35 entries in an open contest conducted at the high school. A panel of three Student Council members recorded the points gained by each contestant in the quick recall contest.

Questions asked during the qualifying quick recall session were submitted by all department council members recorded the points gained by each contestant in the quick recall contest.

"By the end of the one and one-half hour session, it was obvious who the winners were," Al Leavell, team coach and student council sponsor, said.

The boys all are studying math and science in high school and plan to go on to college. Jones wants to go on to predoctoral training at Southern Illinois University-Southwestern, and Johannmeier is planning a career as a meteorologist.

Langley would like to go into engineering and Pierce would like to become a chemist, possibly studying at the University of Illinois. They are all 17 years old.

SIU-SW Film Wins Silver Cindy Award

For the second consecutive year, a film produced by Southern Illinois University-Southwestern has won a Silver Cindy award from the Information Film Producers of America Inc.

The new prize winner, entitled, "Behavioral Observations," was produced by Don Magary, supervisor of film productions for University News Services.

It is a training film made for the Youth Development and Delinquency Study Center at SIU-SW, headed by Robert Gilland. The film will be used in juvenile detention shelters to give new employees an overview of the types of behavior that may be exhibited by juveniles brought to shelters.

Student actors were used throughout the production. The idea for the film was received by Tom Hughes and John Holmes of the Youth Development and Delinquency Study Center staff.

Magary won his first Silver Cindy in 1970 with a film about the Mississippi River Festival. The award will be presented to Magary Saturday in San Diego, California.

John Marin Loved Outdoors He Painted

Editor's Note: John Marin, 1872-1953, was an American watercolorist. In 1948, he received the Fine Arts Medal of the American Institute of Architects. This is one of a series of what famous people were like in their teens.

By BETH ANDERSON
Copley News Service

By the time John Marin reached his teens, he had been making pretty good sketches for years.

He had little encouragement for his mother was dead and his father didn't come around very often.

often. In fact, John was reared by his grandparents. They were thin, prim and proper, and looked like living portraits painted by Grant Wood. John had their aquiline features, a wedge-shaped face, and curls which formed bangs on his forehead.

John was strictly an outdoors boy though he looked like an effete artist. He loved fishing and long walks in the woods. He always brought home these good times in sketches he made.

Winters were not so pleasant for him. Cold weather meant school and he was not an easy learner. All of his subjects except geometry seemed to go in one side of his head and out the other.

It probably mattered little to the teen-aged artist that a huge structure named the Brooklyn Bridge had just been opened. Yet part of his fame in the years to come was based on his sensitive and stunning pictures of bridges. They appear to have been one of his favorite subjects.

At 16, he was mostly engaged in pastoral scenes. In the Catskills with his relatives, he chose subjects marked by serenity, such as cows standing in

sunshine and flowers, rail fences around grassy meadows and surrounding mountains.

These sketches did not proclaim him an instant genius. But they did show undeniable talent and a perceptive eye. Watercolor was his best medium. He delighted in obtaining misty effects with very wet paper.

When John Marin finished school, his father expected him to get some sort of job. So John went to work for a wholesale notion house on lower Broadway in New York. It wasn't his bug. He was much happier in an architect's office which, at least, kept his creative juices boiling. He became a Sunday painter and worked hard at it. His efforts paid off. Now John Marin's watercolors and oils are to be found in countless museums and private collections.

Promoted to Sergeant

Gerald L. Lindsey, whose parents, Mr. and Mrs. Benton J. Lindsey Sr., and wife, Linda, live at 4245 Highway 162, has been promoted to Army sergeant while serving with the 506th Supply and Service Company near Long Binh, Vietnam. He is a clerk with the company.

Student Unawareness
Prompts Posters, Cards

A student survey that pinpointed one aspect of student unawareness has prompted a radiation of posters and wallet cards throughout the campus of Southern Illinois University at Carbondale.

Acting upon a suggestion of an undergraduate class in speech discussion, the SIU Information and Scheduling Center has placed posters on bulletin boards of all university buildings including housing areas and has printed 10,000 wallet-sized cards that stand ready to give a message of assistance that is available.

"Don't wait, get it straight," "Don't Be Confused," and "Let Us Answer Your Questions" are some of the messages placed on the cards and left in strategic places on campus this fall to let students and other members of the university community know that the Information and Scheduling Center in all probability is the place where they can get their questions answered. The card's reverse side carries a full quarter schedule, home football dates and home basketball dates in the fall quarter.

This new approach to making students, staff, and faculty aware of assistance they can get by contacting the center resulted from a study on campus awareness of the center in Anthony Hall, made during the spring quarter by students in Eunice Goodiel's speech discussion class.

The center's director, Joseph N. Goodman, and his assistant, Juanita Zaleski, listened to the students, who said that very few students of the group pooled knew the center existed, and that to cooperate in any way possible to correct this non-cognition.

Workshops on Crafts
Offered at SIU-SW

If you've got \$2 and want to learn silkscreen techniques, enameling, leatherwork or candle-making, the craftshop in the University Center at Southern Illinois University at Southern Western is the place to go. The shop is offering a series of workshops on the crafts.

According to Ann Schorlau, graduate assistant in counselor education and coordinator of the craft workshops, anyone interested in these techniques—students, faculty, staff or the general public—can attend any one or all of the four-week workshops.

The workshops begin on the following dates, and are held on that day for four consecutive weeks:

Enameling, beginning Monday, Oct. 18 at 2:30 and 7:30 p.m.

Silkscreening, beginning Friday, Oct. 22 at 7:30 p.m. only. The sessions will include making Christmas cards and other projects.

Leatherwork, beginning Monday, Nov. 15 at 7:30 p.m.

Candlework, beginning Friday, Nov. 12 at 7:30 p.m.

The \$2 fee can be paid at the first meeting of each craft session. Anyone who has taken any or all of the workshops has the added advantage of being able to use the craftshop after completing the sessions.

For further information, interested persons can call the University Center craftshop at SIU-SW, 692-2178.

YUGOSLAV PREMIER. Prof. and Mrs. John Rider and daughter, Carol, standing under the welcome sign to the international journalism seminar in Sali, Yugoslavia.

Prof. Rider Compares World's News Media

John Rider, chairman of the mass communications faculty at Southern Illinois University at Southern Western, got a world-wide perspective on the news media last summer at a month-long international mass communications seminar in Yugoslavia.

"It was a tremendous learning experience for Americans and it provided an insight into the problems facing journalism around the world," said Prof. Rider, who is also director of Broadcasting Services at SIU-SW. "I learned first hand the answers to questions about censorship and how the media in other countries compare to that of the United States."

"We also learned a new meaning of the word 'propaganda,'" Rider said. "To most of the Americans it had meant 'official government lie.' When we asked some of our international colleagues what 'propaganda' meant by propaganda, they replied, 'we mean information as against fiction.'"

From Prof. Rider, radio commentator in Hungary, Rider learned that there is a great deal of self-censorship in Hungary. "Most Hungarian journalists know how far they can go without hurting the nation's interest. No journalist is 'appointed' by the party and the over-riding number of journalists in the country are not members of the Communist party," Rider told Rider.

Russian Invasion
It was Rider's opinion that if the Czech press had not spoken so loudly, the invasion in 1968 by Russia would not have happened.

Public opinion surveys in Hungary indicate that the influence of television is tremendous on the least educated. "This parallels our country," Rider says, "because the more sophisticated people here have, in the past, tended to use the newspaper for their news and political views, but TV is most influential otherwise."

Rider says Yugoslavia has a greater degree of freedom in mass communications than Hungary. "It's very simple," his informant said, "Yugoslavia fought for its freedom. Hungary did not."

Rider told Rider he feels the status quo of Europe cannot be changed. He believes this is good because "if it were not so, every country would have a claim against every other country for people of different nationalities are living within the borders of other countries."

Rider found that newsmen consider the war in Vietnam the biggest story since 1956. Every country reports on it regularly.

Freedom of Press

A speaker at the conference, Frank Barton, African director of the International Press Institute, said there is now freedom of the press in Black Africa "because the whites

have won and they can afford it. Also, the journalists have high professional standards. One thing I cannot do in South Africa is to mention the word 'prison.' They have prisons but do not want to admit the need for putting people in jail, so the word is never used," Barton said.

In Nigeria, editors are fined for errors. In one instance, a picture of an animal appeared on the same page as a report of a speech by the prime minister. The editor was fined several hundred dollars because he had, in a sense, compared the prime minister with an animal.

Radio, not the press, is the dominant communications medium in Africa, according to Barton. "Years ago the major tool of African people was to own a bicycle. Today it is to own a transistor radio."

Arabs, the SIU-SW professor found, tend to communicate with feelings rather than facts. In 1968, when the six-day war with Israel began and the Egyptians were defeated, changes in communications were forced upon the Arab nations, principally Egypt.

For the first time, facts became more important than words because, although the Egyptian people had been told how great their armies were and how great were their victories, the facts were different.

For the first time, Egyptians began to realize that facts are better than fiction, Rider said. "Because the more sophisticated people here have, in the past, tended to use the newspaper for their news and political views, but TV is most influential otherwise."

Rider says Yugoslavia has a greater degree of freedom in mass communications than Hungary. "It's very simple," his informant said, "Yugoslavia fought for its freedom. Hungary did not."

Rider told Rider he feels the status quo of Europe cannot be changed. He believes this is good because "if it were not so, every country would have a claim against every other country for people of different nationalities are living within the borders of other countries."

\$16,500 in Tuition
Refunds Mailed by SIU

Checks totaling \$16,500 have gone into the mails to mark the windup of a fall term tuition refund program at Southern Illinois University at Carbondale.

The refunds went to students who had already paid higher fall tuitions before the university canceled a previously announced increase.

The rollback decision came in August and refunds have been under way since Aug. 24. Robert Brewer, assistant bursar, said 637 checks out of nearly 5,000 still had not been claimed as of Tuesday. They were to be mailed to hometown addresses listed by the students.

SIU at Carbondale had written letters to all pre-registered students telling them how to collect the refunds, either by mail or in person at the Bursar's Office.

Brewer said about \$14,000 in refunds had been claimed before the final mail-out Tuesday.

Grandfather, 44, Heads SIU-SW Student Group

There's a 44-year-old grandfather heading the current events committee of the University Center Board at Southern Illinois University - Southwest this year.

Lucky Cuoco, a retired sergeant in the Air Force from Belleville, gets a haircut once a month whether he needs it or not, and is all for the women's liberation movement. "I feel women are entitled to everything they get in respect to freedom from repression in society," he says.

Lucky applied for the position on the current events committee after seeing an advertisement in the student newspaper. "I decided after no one had applied for a certain length of time, I would apply for the position," he said. "I wanted to contribute to the student body, but my idea is to not rock the boat. There are plenty of avenues open for students to express grievances within the system."

Starting out as a psychology major, Lucky changed his major to sociology. "I think SIU-SW has a good faculty-student ratio, and I maintain close contact with my instructors," he said. Admitting that he is a candid person, Lucky said, "If I'm in one of your classes, you'll know it!" He also believes students at SIU-SW are quite concerned with what's going on in the country. "Very rarely do I see a group of student not interacting," he said.

Lucky doesn't think his age should have any effect on dealing with younger students. "Sometimes I get a little backlash from students, in general, but I don't get upset at all over long hair, beards or any changes in the youth movement in the last few years," he said. Originally from Buffalo, N. Y., Lucky has been in this area for about 15 years. He served in Greenland and in Vietnam in 1965 and 1966. "I like this metropolitan area because everything I need is right here, practically as well as personal."

GRANDFATHER HEADS STUDENT BODY COMMITTEE—Lucky Cuoco, second from left, chairman of the current events committee of the University Center Board at SIU-SW this year, talks with fellow students on campus. The students, from left to right, are Samantha Garrett, East Alton; Karen Penny, Cahokia; and George Dickerson, Alton. Cuoco is a retired Air Force sergeant and a 44-year-old grandfather.

Model Building Contest To Stress Marinas

The Southern Illinois Builders Association through its Industry Advancement Foundation is announcing the opening of the 6th annual model building competition.

The project for this year is to design and construct a scale model of a marina. The contest is open to all high school sophomores, juniors and seniors from 26 counties in Southern Illinois. The purpose of the contest is to uncover future talent for the construction industry. This year's assignment is to construct a finished scale model of a marina, one that will house boat maintenance and repair facilities, dining accommodations, lounge, boating equipment and shops. Boating has become one of America's most popular leisure time pleasures. Its popularity continues to increase, causing a new challenge to the construction industry. The design and construction of the modern marina brings skilled crews to the water's edge to provide complete marine terminal facilities in a single building structure. A brightly colored model building competition brochure is now being distributed to 115 schools in the 26 county area. Included in the brochure are the rules and instructions, photographs of past award winning models and a construction site map.

The Industry Advancement Foundation offers 20 scholarship awards totaling more than \$1,500.00 to the competition winners. Student awards range from \$500.00 for the first prize Gold Medal Award to \$25.00 for honorable mentions. Award winning models will be selected primarily on the basis of superior craftsmanship and design excellence. Additional awards will be given to those schools whose students have the greatest number of award winners. Registration may be made with the industrial arts teacher or principal at high schools in the area. Registration closes Dec. 1.

Models which must be designed and constructed entirely by the individual student must be delivered to the Southern Illinois Builders Association, 7623 West Main Street, Belleville, Ill. 62223, on Jan. 29, 1972, and will remain on display through Feb. 10. Announcement of award winning entries will be made Feb. 12 and the presentation of awards is scheduled for Feb. 12, 1972.

This competition is made possible through employer contributions to the Industry Advancement Foundation which is administered by the Southern Illinois Builders Association on behalf of some 500 firms engaged in building, heavy and highway construction. The contributions are based on hours worked by carpenters, cement masons, ironworkers, laborers and operating engineers.

Mobile Meals Marks Successful Year

"Mobile Meals has observed its first birthday, and its growing pains have been surprising, by few," Rev. Paul Surbey, one of the planners of this Quad-City program, observed this week.

"We have an impressive set of statistics: 2,080 hot, balanced meals, 57 recipients, and 84 volunteers who take turns delivering noon meals Monday through Friday to the aged, the ill or the handicapped who otherwise might be sitting down to a lunch of sandwiches or cold cereal," Rev. Surbey said.

In June, 1970, two Granite City pastors, the Rev. Surbey, St. John's United Church of Christ, and the Rev. Robert Baumann, at that time minister to St. Peter's United Church of Christ, discussed the critical dietary problems facing the elderly, the disabled and the immobile.

Many woefully inadequate diets were resulting in alarming nutritional deficiencies. There were people who were physically unable to prepare a meal, others were not able to go to a store and those who, in plain talk, could not afford good food.

The two ministers took the problem to Sister Mary Thomas, Administrator of St. Elizabeth Hospital and Mr. Sim Harnetiaux, Hospital Food

Granite City PRESS-RECORD
Page 34 Thurs., Oct. 14, 1971

Manager, Sister Mary Thomas suggested that a hot meal plan operating successfully in Decatur be studied, and if it could be adapted to local needs, be started as soon as possible. St. Elizabeth Hospital's Dietary Department under the management of Mr. Harnetiaux would plan and prepare the meals.

"There are two provisos," said Sister Mary Thomas. "The hospital must be given current dietary orders for each recipient, supplied by his own attending physician. And we ask reimbursement only for our actual cost of the food and its preparation. St. Elizabeth is not doing this to make money."

Form Mobile Meals

An in-depth study resulted in the organization of Mobile Meals so that no person in the Quad-City Area should be without at least one hot, nutritionally balanced meal each day, regardless of his ability to pay. This includes the aged, the ill, the handicapped.

Any person experiencing any of these conditions may telephone 876-8779, or someone may phone for him. After this initial request has been made, a

representative of Mobile Meals will visit the person's home to explain the service and to secure the physician's name for dietary orders.

"It usually takes two days from the time of request to the delivery of the recipient's first Mobile Meal," said Mr. Harnetiaux, Hospital Food Manager, "and during that time, a lot of people have been busy getting the new meal plan ready. The doctor's orders have been recorded, whatever they may be—low sodium, normal, bland, calorie restricted, low fat . . . On each chart are folksy notations from the dieticians."

"No tomatoes for Mrs. X," "Mr. W. likes cottage cheese," "Mrs. Z. doesn't like bread pudding. We feel toward our Mobile Meals people the same as we feel toward our patients at St. Elizabeth—each one is an individual with likes and dislikes. We try to remember that," he said.

Keep Food Hot

As soon as each meal is prepared by Dietary, the hot food is dish into a compartmented tray, and foil wrapped. All trays are placed in one of two "hot boxes" similar to those used on the airlines. These boxes, gifts of Rotary and Knights of Columbus, keep food hot for up to four hours.

A typical meal, normal diet with no restrictions, could be a salad, hot beef, baked potato, pudding, milk, bread and butter. St. Elizabeth Hospital's "Grapevine," a little news card for patients about the weather, the headlines and a joke or two, is tucked inside along with a napkin, knife and fork.

Promptly at 11 a.m., two or three volunteers of the day arrive at St. Elizabeth's Dietary to pick up the boxes for lunch-time delivery to the people who are waiting. Volunteers are from any of the local church groups, clubs or service organizations.

Most treasured by the volunteers is the pleasure with which they are welcomed, for the recipients look forward to these visits. There are cases where the volunteers are the only visitors that Mobile Meals guests may have for days at a time. The rapport among these people is one of the by-products of the program.

MOBILE MEALS DELIVERY is handled by volunteers who receive neither expenses nor compensation. Preparing to deliver meals to Quad-City recipients, left to right, are Mrs. Anna Holman and Mrs. Susan Summers of St. John Lutheran Church; Louis Branding and the Rev. Paul Surbey of St. John United Church of Christ, and Sim Harnetiaux, food manager of St. Elizabeth Hospital.

The cost of each meal is \$1.15, based on the cost of the food and its preparation. If a recipient is able to pay for his meal or, any part of it, he is asked to do so and he is billed. However, if he cannot manage any part of the cost, he must not feel that he is excluded from the program. The generous support of individuals, clubs and organizations who recognize the importance of Mobile Meals has made it possible for many people to receive a hot balanced meal daily.

Tax deductible donations to this "people program" may be made to Mobile Meals of the Quad-Cities, 2002 Edison Ave., Granite City, care of Mrs. Marie Whittle, secretary.

"Statistics are impressive," said Rev. Surbey. "But they cannot measure the pleasure of each volunteer for his part in the program. They cannot convey the anticipation of each recipient. Mobile Meals is much more than a hot meal of meat and potatoes and the fixings. It's a generous helping of kindness, delivered by a friend to a friend—as indeed are the people of Mobile Meals."

Enrollment Data to Be Sought in Area

Curtis T. Hill, director of the Bureau of the Census Data Collection Center in Chicago, has announced that a number of households in this area will help determine the country's school enrollment when they are interviewed by Census Bureau representatives during the week of October 18-22.

The questions on school enrollment and related subjects as living arrangements of college students will be in addition to the usual ones asked in the monthly survey on employment and unemployment conducted nationwide by the Bureau for the U. S. Department of Labor.

The October 1970 survey showed that 60.4 million persons from ages 3 to 34 years were going to school from nursery school to college. This was 56 percent of the U. S. population. Of the 29.3 million in this age group not enrolled in school, 27 percent were high school graduates.

The monthly survey of the labor force provides a continuing measure of economic conditions in the country. The August survey found that both employment and unemployment had risen, as the labor force increased sharply. Unemployment, on a seasonally adjusted basis, edged up to 8.1 percent of the labor force, from 5.8 percent in July.

Information supplied by individuals participating in the survey is kept strictly confidential and results are used only to compile statistical totals.

Governor Plans Cost Cuts in Public Aid

Reforms in the Illinois state welfare program to reduce costs but protect the "truly dependent" has been announced by Gov. Richard B. Ogilvie. Designed to reduce a projected \$180 million deficiency in the public aid appropriation, the changes will become effective Nov. 1.

Features of the program include transfer of \$21 million from the general assistance program to federal categorical programs, increasing available dollars to maintain grants to the aged, blind, disabled and families with dependent children. It will require accelerated transfers of eligible persons to those programs and reduce monthly general assistance payments from \$9 million to \$2.5 million after Dec. 1.

Medicaid expenses will be reduced by \$50 million through extension of the present freeze on hospital and other rates, token payments by welfare recipients for requested services and elimination of certain marginal Medicaid services.

Reforms also include a public service job program with supplemental funding under the federal Emergency Employment Act for 15,000 Illinois residents and expansion of day care funding from \$17 million to \$40 million during fiscal 1972.

Last 25 Years Eventful at St. Mark's

As St. Mark's parishioners observed their church's centennial this week, they recalled one of the busiest eras—the past quarter century—when many of the present St. Mark's organizations and facilities were established.

The period began on Sept. 8, 1938, when the Rev. Frederick W. Klammer came to St. Mark's as pastor, succeeding the Rev. C. J. Flori. He began the assignment of rebuilding the entire St. Mark's complex.

On Sept. 12, 1948, the Most Rev. William O'Connor, bishop of Springfield, Fathers Klammer, Linus Kipping and Holmes took part in the ground-breaking ceremony for the new church.

Some of the trustees and old time parishioners who took part in this event were John L. Fichte, August Daniels, Jerry Scholten, Sam Shalton, William Boerckel, William Meehan, Dan McGee, Harry Hartman Sr.

Bishop O'Connor returned to Venice on Dec. 11, 1949 to dedicate the new St. Mark's Church. The church bells from the original St. Mark's Church were consecrated Nov. 12, 1952, one to St. Mark and one to St. Mary Magdalene. They are in the new church.

Funds were raised for the new church by weekly card parties given by the ladies, with the chairman for many years being Mrs. Julia Maher. Mrs. Lil Gorris and Mrs. Lil Dooher.

The people of St. Mark's always liked to have some project. They next began the beautiful home for the Lady of Fatima which for many years was used by the people of the Quad-Cities for the annual Lady of Fatima Novena. Many local church organizations took active part in this Novena.

The Tri-City Knights Columbus took very great interest and helped to make the project widespread. Money for the statue came from the Rosary project. This project was formed by parishioners who desired a remembrance from the Historic Old St. Mark's Church on behalf of the Rosaries.

When the project was completed, Father Klammer took these beads to Lourdes, France, for the Fatima Blessing. The rosaries were distributed to the parishioners and friends interested in the project.

Parents, Friends Club Father Klammer organized the new existing St. Mark's Parents and Friends Organization in September 1951. The officers were Lloyd Blumensack, Catherine Hildebrand and Harold Hanlon. On July 8, 1952, Father Klammer was appointed to St. James in Decatur.

His successor was the Rev. Robert McCarthy. His assignment was to continue on with the building program. A campaign was started in May 1952 for a new school. The parish chairman was Mrs. Marlene Miller, with assistant chairman Mrs. Mary Simmons and Mrs. Mary McGee.

Thrift of Rail Siding Two boys, 13 to 14, stole batteries from two autos on Norfolk & Western Railroad cars setting on a siding at the 25th Street crossing. Doors of nine cars containing parts of assembly of new autos were opened. The boys ran from the scene.

27th-Grand Accident

Autos driven by Mildred I. Jungels, 2541 State St., and Bernard Pfeiffer Jr., 2817 Edwards St., collided at 7:40 a.m. Tuesday at 27th Street and Grand Avenue.

REV. F. W. KLASNER

Harlin Hooks, launched the campaign to raise funds for the new school.

This being a success, the school was completed in September 1958 at a cost of \$154,551. During the construction of the new school St. Mark's students were invited to attend St. Mary's in Madison, so a merger of the two schools became feasible.

School Merger

St. Mark's was one of the first teaching assignments for the Sisters of Divine Providence, also in charge of St. Mary's School in Madison, so a merger of the two schools became feasible.

The fruits of their labor is evident in that St. Mark's and St. Mary's helped establish St. Mary's in Madison in 1912. St. Mary's helped her co-founder exist in existence in 1919. This has given St. Mark's children the opportunity for Catholic schooling with the Sisters of Divine Providence.

"St. Mark's has had a glamorous history," Father Shea noted. "It is our hope and prayer that St. Mark's will flourish spiritually and that we shall prove worthy of the sacrifice of those who preceded us. Our 150 families are dedicated to the love of God and one another in the spirit of our forefathers."

"It is our hope that all people of the area will accept our invitation to celebrate St. Mark's Centennial with us, that we might re-unite all those throughout the Quad-Cities and beyond who are part of this past history."

They were presented gifts and plaques to bring home to Venice. A personal audience with Cardinal Giovanni Urbano, patriarch of Venice, held in St. Mark's Cathedral proved to be doubly interesting for both delegations, as there were so many similarities between the two cities and the two churches had overcome the distance and bridged the miles between them.

Final Rebuilding Phase

Father McCarthy did not let any time pass in pushing ahead. The final phase of the St. Mark's rebuilding was now down to one building. Father McCarthy began the work of planning the new rectory. In 1965 Father McCarthy moved into the beautiful new rectory.

A 16-year building program had come to an end. The parishioners again held an open house to celebrate this successful end. Many hours of work and prayers by Fathers Klammer and McCarthy and parishioners and friends was now reality.

On Feb. 21, 1968, Father McCarthy was transferred to St. Agnes, Springfield. His successor, the Rev. Terry Shea, came to St. Mark's from St. Barbara's, Writ, in the school year of 1969-1970.

Father Shea faced the problem of a beautiful new school building but the possibility of having to close the school due to a decrease in the number of teaching Sisters. His desire to work with and for the people of St. Mark's along with the Sisters of Divine Providence, the priests and people of St. Mary's in Madison again solved the problem.

Simon May Have Support of Mayor Daly

By KEN WATSON
Copy News Service

SPRINGFIELD—Daley

calling the shots for Simon?

There is a feeling in the high levels of the Capitol's political hierarchy that not only has Chicago Mayor Richard J. Daley already picked Lt. Gov. Paul Simon for governor, but that he is also directing the Simon campaign on both a short and long-range basis.

The Daley goal? Assure a strong and unified Democratic party for what he and most other respected political leaders believe will be a hard-fought and close 1972 election in Illinois.

Although only a few Statehouse insiders are aware of it, the Daley-Simon strategy has been used before. It worked perfectly to elect Adlai E. Stevenson III to a landslide victory for U. S. senator in 1970.

It worked so well because it succeeded in consistently portraying Stevenson as a candidate of independence, while actually he was working hand-in-glove with Daley.

Demo State-Makers

In going before the Democratic slate-makers in advance of the filing for the 1970 campaign Stevenson, puzzled most students of Illinois politics by telling the committee that he would not necessarily be bound by its decision on endorsement.

To many at the time this looked like a headless affront to Daley and the committee and one that could cost Stevenson the nomination he seemed to have almost clinched.

But later, it has been learned, Stevenson confided to political intimates, that he acted the

way he did on the express advice of Daley himself.

Stevenson thus was able to go into the campaign against appointive Republican Sen. Ralph T. Smith of Alton, with the appearance of a strong and independent candidate who had won out on his own power and therefore could not be tagged as the usual hand-picked Daley candidate.

The same pattern has emerged this year with the somewhat surprising declaration by Simon in his announcement of candidacy for governor that he will accept no other nomination. On the surface this looks like a risky political gamble since there has been a widespread feeling that Daley, while withholding the governor nomination from Simon, would be pleased to have him run against strong Republican Sen. Charles H. Percy.

But it is no gamble at all if Simon, like Stevenson, has already received assurances from the mayor that he is in for governor.

Simon Strong Man

Simon, too, can emerge from the slate-making as a strong man on his own, one that Daley, presumably, did not dare turn down.

The strategy of illusion is of greater value for the 1972 campaign than it was in 1970. For whatever the Daley slate-makers may do a Democratic primary of sorts appears assured for next year.

Dan Walker, the hardy walking candidate, continues to insist that he will be an anti-Daley candidate in the primary no matter whom the organization may endorse.

It is vital to Daley and to victory-hungry organization Democrats that

Walker be crushed by a huge landslide. Voters in recent years have become increasingly independent and there is a possibility that Democratic voters, especially downstate, might vote for Walker as a protest against the old-line political bossism represented by Daley.

Simon is the candidate to blunt this. He not only has a recognized following downstate but he still holds a general image of being independent of the mayor.

Daley, the old pro of politics, does not care about appearances. He wants to win in 1972.

State Parks Busier, Safer in 1971 Season

By JOHN MURARO
Copley News Service

Springfield — Attendance at state parks has continued to rise, while major problems in the parks have continued to decline, according to Bill Miller, head of the law enforcement division of the department of conservation.

While no official figures are available yet on park attendance during the peak 1971 season, Miller said preliminary reports indicate attendance again has risen, adding that no major law enforcement problems have occurred in state parks in two years.

He credited the decline in outbreaks of trouble to the recently implemented program under which the law enforcement branch relieved park rangers of all law enforcement duties, freeing the rangers to devote more time to their primary functions of maintenance and actual public relations.

Currently, the law enforcement division has 150 men on its roster, of whom 140 are actually in the field, with the remaining 10 serving in office jobs.

Nucleus of the force are law enforcement veterans in the conservation department, who have experience on the job.

All new personnel added are now men with law enforcement training or experience or both.

The law enforcement staff is probably about 25% below maximum desirable strength, for the areas to be served, Miller said, adding, "We are struggling to keep up with the other divisions, which are acquiring land and opening new park facilities steadily."

To aid in crowd control, and to "head off problems before they can start," a special highly trained 10-member force has been set up in the law enforcement branch, Miller said.

These men, all with a minimum of four years experience in law enforcement, have received additional training in crowd control and "people problems" and can be sent into an area where trouble might arise, before it can begin.

"We try to maintain a 'cool' atmosphere," Miller said, "talking to people to find out what may be wrong. Sometimes we find out the parks themselves are to blame—we let too many people into an area and then frustrations are bound to break out."

Advance registration is being required for any group of 25 or more persons planning to visit state parks, and groups of children are required to have one responsible adult for every 15 youngsters.

Public cooperation with the programs has "been 100%," Miller said, citing cooperation between all agencies in the conservation department with the success of the program.

"I'm convinced none of these people get up in the morning with the deliberate plan to 'go wreck a state park today,'" Miller said.

"Trouble breaks out when people planning an outing arrive at a scene and then meet a series of frustrations, where 'people temperature' keeps rising until something gives."

"If we can see where such problems may arise, we can head them off, so that everybody in the state can use and enjoy his public parks. That is our primary function, not ordering people around and telling them 'you can't do this; you can't do that.'"

Cannonball Quintet On Sunday Program

The Cannonball Alderly Quintet will be featured at the St. Louis Symphony Orchestra's Sunday Festival of Music at 3 p.m. Sunday in Powell Symphony Hall. Associate Conductor Leonard Slatkin will be on the podium.

The quintet will perform works by two of Hollywood's leading composers, Lalo Schifrin's Dialogue for Quintet and Orchestra and David Axelrod's "Tenuity," as well as a group of solos.

Four violinists new to the orchestra will be featured in Vivaldi's Concerto in B Minor for Four Violins, Strings and Continuo. They are Kenneth Patti, Darwyn Apple, Patrick Rafferty and Joan Korman.

Other works on the program are Beethoven's "And God Created Great Whales," the Dance from Copland's "Music for the Theater," and Bernstein's Prelude, Fugue and Riffs. All will be first performances by the St. Louis Symphony.

Mexican Commission to Aid Scholarship Fund

A benefit dance in February to aid the Joseph Gonzalez Scholarship Fund and a Christmas party for club members were events planned by the Mexican Honorary Commission at a meeting in the Jaycee Clubhouse on Poplar Street.

Mrs. Alvenette Metcalf, chairman of the scholarship fund, was appointed to head the dance committee. She said a precise date, some time in late February, and a location will be announced later.

Proceeds from the public dance will be added to the fund which was established by the commission in memory of Mr. Gonzalez, a Granite City High School teacher and club member who was fatally injured in an auto accident near Mitchell last year. Local students needing financial assistance are aided through the fund.

Steve Ortiz, president, appointed Mrs. Barbara Valencia

to arrange the club's annual Yule party. He also congratulated volunteer chairmen and workers who recently promoted a successful fiesta program.

About 60 members and two guests, the Rev. Chola, a deacon at St. Joseph Church, and Mrs. Mary Schmitt, were served a barbecue dinner by Donald Valencia, the October host.

A third-place trophy won by a commission-sponsored softball team in the Labor Day slow pitch tournament at Wilson Park was presented to the organization by August Becerra, team manager.

The commission's artistic group, consisting of children and young adults, will provide entertainment at a "Spanish Night" party, to be held Oct. 21 in the Officers Open Mess at the Granite City Army Depot.

Mr. and Mrs. Ortiz will be guests at the affair which will be open to the public, it was announced. Reservations can be made by calling Al Moore, at 432-4742, Ortiz said.

At last week's planning session, Robert Grieco was awarded a special prize. A social hour and refreshments concluded the meeting.

107 Courses Eliminated From Campus Offerings

One hundred seven courses have been eliminated from the curriculum of Southern Illinois University-Southwestern following an intense review of all course offerings, Dr. John S. Rendleman, university president, has reported.

The course cuts "represent part of the continuing effort of the university to reduce any inefficiencies and promote economies wherever possible in the face of increased financial restrictions," the president said.

Rendleman indicated a minimum number of new courses will be added to the curriculum in the foreseeable future. As a general policy, a new course added to the curriculum will require dropping of an existing course, the president said. Initiation of any new academic programs will be accomplished within existing university operating budgets.

The president said review committees would continue to function during the year, studying all graduate and undergraduate programs to evaluate quality of programs, purposes of the programs and the financial obligations that they incur in relation to the mission and scope of the university.

Courses which have been eliminated are those which have had low enrollments in the past and have become disproportionately expensive in the light of the university's budget crisis.

By SISTER CORNELIA

None of us can avoid making mistakes in the training or guidance of children. We must first realize that nobody is perfect. If we demand perfection from ourselves, we are bound to become more discouraged and consequently, to be less adequate than we could be otherwise.

We must accept our children and all our fellow men—despite and with their inevitable imperfections—if we want to get along with them and to improve faults.

This is also true of ourselves. We can only improve if we first accept our own shortcomings, make peace with ourselves, and then ask ourselves where we are going from here.

I have found that by freely admitting your own imperfection you can create a closer relationship with the child. During my teaching years, I found such frankness will inspire a youngster to greater confidence.

They think none the less of you if you confess that at their age you were neither better nor worse than they are now. And if you are honest, the child will credit you with a fuller understanding of his own situation.

Many parents disregard even the most obvious social rights of their children.

They have no compunctions against breaking promises or betraying confidence.

Some show no respect for the child's privacy of maintaining a certain reticence even with their parents and of revealing or keeping his secrets as he chooses.

There are times parents pry into older children's correspond-

ence and mortify him by making light of his sentiments and opinions.

Yet they are amazed and offended when their children refuse to confide in them. Would we trust a person who treated us in the same way?

But we must remember, you cannot demand confidence, or take it forcibly; it must be earned.

The surrender of one's private feelings and thoughts is an act of the most intimate confidence. When you trust your children with the proper tact and discretion, they will surely be willing to confide implicitly.

Because of the wrong attitude and approaches used so frequently, very few parents have any notion of what goes on in their child's mind.

State May Lead In Non-Polluting Gas from Coal

Illinois could become the leading state in producing non-polluting gas from coal, according to Gov. Richard B. Ogilvie.

With the largest reserves east of the Mississippi, the Illinois coal industry stands to gain most from the coal-to-gas conversion process now under intensive national study.

Gas produced from coal is expected to become competitive with natural gas and other low-pollution fuels in about five years, according to industry sources.

Ogilvie sketched the future of the expected coal-to-gas boom in a visit with mine inspectors and mine rescue teams at Benton, he commented.

"The state commissioned a \$45,000 site study which we expect to receive next month to pinpoint economical locations of 20 to 30 major plants."

"A single, commercial-scale plant would require a capital investment of as much as \$150 million and would provide employment for 1,300 persons. Twice that many jobs in service-related business would be created in the area surrounding each plant."

"Our central location and tremendous reserves of suitable coal could combine to make Illinois the leading producer of gas from coal."

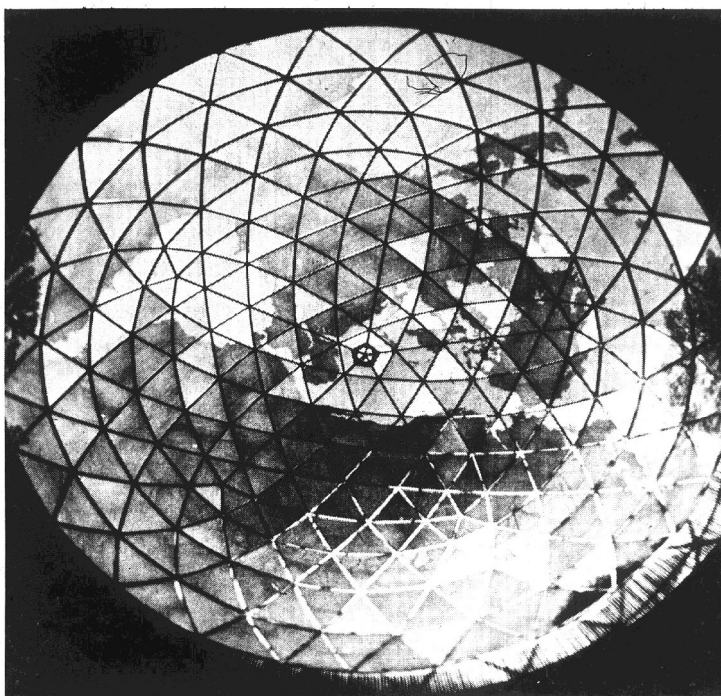

A pilot plant is now being put into operation in Chicago under the management of the Institute of Gas Technology and Illinois Institute of Technology.

State to Fund More Enforcement Training

Illinois has invested more than \$1 million to develop and initiate professional law enforcement-education programs at the college level in the last two years and has slated one-quarter million dollars for similar projects in 1972.

Illinois Law Enforcement Commission Chairman Arthur J. Bielek said the programs demonstrate "that a state can meet justice planning agency and the state's public and private colleges and universities can meet and work together in an intelligent, concerted and coordinated fashion to serve the needs of the people."

Study of law enforcement curriculums and classes throughout the state and development of new curriculums in criminal justice education by the Illinois Board of Higher Education led ILEC to fund 15 programs in criminal justice now offered at 12 colleges and universities.

New EPA Policy Requires Proof of Hardship

Any company claiming it will be forced to close if ordered to comply with Illinois pollution control laws or rules will be asked to substantiate such claims, Director William L. Blaser of the Illinois Environmental Protection Agency announced last week.

Blaser said the EPA will demand financial statements and close-down studies to determine if it would be more profitable to shareholders for a plant to close than to operate in compliance with the law. The evidence will be added to the hearing record as sworn testimony and be subject to cross-examination.

New Veterans Aid System to Reduce Delays

Two million veterans and servicemen expected to enroll under the GI Bill this fiscal year will get their first monthly checks sooner under a Veterans Administration "package" plan. The agency said the plan will reduce delays due to the school or individual failing to send it required information by providing at one time all the information needed to pay educational allowances.

Instruction on this plan, which has been tested successfully in the agency's PRGP program (for military personnel), are being sent to VA field offices, it was announced.

The plan calls for a veteran to submit a copy of his separation document, proof of dependency, and application for education benefits to VA at the same time prior to enrollment. Forms for this information are available at all VA offices.

If a veteran enrolls at a school before applying for GI Bill education benefits, he should present these completed forms to the school and ask it to forward them to VA in one package when the school certifies his enrollment.

VA officials suggest also that the veteran check later with his school to make sure his forms and certification of enrollment have been sent to VA.

Although cooperation of schools is voluntary, school officials are as concerned as VA that veteran-students get their

Mother-Tot Swimming Program Set at YMCA

The YMCA will hold another mom-tot swim program at the "Y."

Ronald Ireland, aquatic administrator at the "Y," said the program is designed to help parents, train their youngsters in the water. It is for infants to nursery school-aged youngsters. There will be 10 sessions.

The first session is for parents only. A baby stroller will be provided for the child. A brochure on tot instruction plus a film will be shown and discussed before the pool training starts for the parents. The next nine sessions are for the parents and tot.

The training session starts Friday, with a 10:45 to 11:30 a.m. morning class, and a 1:15 to 2 p.m. afternoon class. The next nine sessions will be Monday, Wednesday and Friday at the same time for three weeks ending November 5. Fees for the class are: family membership \$3.50, and non-members \$11.00.

Those interested in further information or registration may call the YMCA.

Hit-and-Run Accident
The left door of the auto of Harry Evans, 2354 Iowa St., parked at 25th Street and Madison Avenue, was struck this week by a hit-and-run driver.

Monthly checks as soon as possible, VA explained.

Veterans desiring information on education benefits were urged to contact local VA offices or veterans' service organizations representatives.

170 Demo Delegates Slated for 1972 Presidential Convention; 58 for GOP

By JERRY OWENS
Copley News Service

SPRINGFIELD — The Democratic National Committee has allied Illinois Democrats 170 delegates for the 1972 presidential nominating convention, up from the 118 delegates in 1968. Republicans have been assigned 58 delegates by the GOP National Committee, the same number they had in 1968.

Before 1968, there was no Illinois law stipulating how many delegates had to be elected and how many could be chosen

(handpicked, usually) at state party conventions. Traditionally, each party elected two from each of the 24 congressional districts and hand-picked the rest at a state convention.

Due to the size of their respective delegations in 1968, this meant that Democrats elected only a minority of their delegates (48 of 118), while Republicans elected the majority (48 of 58) of theirs again.

But a law adopted two years ago in Illinois specifies that a majority of delegates in 1972 must be elected by primary voters as a means of further democratizing the parties. The law was a party, after learning how many delegates it will have, subtracts 10 and then divides the number of congressional districts into the remainder, to determine the number to be elected in each district.

Democrats would elect at least 144 delegates while Republicans would again elect 48. Alternate delegates also would be chosen in roughly the same manner.

Democrats would have 24 delegates to pick at a state convention (not 26, since the national committeeman and committeewoman are automatic delegates according to national party rules), and Republicans would pick 10 once again.

Law Raises Number
Because of party reform, Illinois Democrats would have elected a majority of their delegates in 1972 even if the new law had not been adopted. The Democratic National Committee, upon the urging of reform panels set up following the 1968 convention, recommended that at least 75 per cent of the delegates be elected by primary

voters. The law boosts that percentage even higher, however.

A bipartisan piece of legislation, signed by Gov. Richard Ogilvie, provides the parties with an opinion. A party would have the alternative of electing virtually all delegates; the number allotted to each congressional district would be determined by how that district voted for the party's presidential candidate in the last election, as well as by population.

If this alternative method is adopted, districts where a party's presidential candidate secured well in 1968 would be rewarded with more delegate seats than districts where he ran less well.

The club was due to enter a decorated car in Granite City High School's Homecoming parade yesterday evening. Passengers were to include Roca Sweethearts Paula A. Krieshof, Paula Mathias, Judy Morris and Kathy Hendrich and members Rick Prehn and Russ Cherry, club president.

Cheaper in the long run.

Gas will never cost you much. (You'll get up to 26 miles to the gallon.)
And the amount of oil you use is like a drop in the bucket. It only takes 27 quarts and almost never needs more between changes.
And the engine is air-cooled, so you don't have to spend a red cent for anti-freeze or rust inhibitors.
And you get more than your money's worth out of a set of tires.
But don't think buying a new Volkswagen is just another get-rich-quick scheme.
You have to wait until the second set of tires wear out.

Scott Not Ruling Out Running for Congress

By BOB ESTILL
Capley News Service
SPRINGFIELD, Ill. Atty. Gen. William Scott says it's "just a very remote possibility" he may run for Congress in 1972—but it's a possibility he's not ruling out.

Speculation Scott might have his eyes on Washington grew from an endorsement of Scott by GOP committeemen in the new 10th District in Cook County. They said that if incumbent Republican Phillip Crane moved from the new 10th District, they would like Scott as the candidate.

Crane represents the 13th District north of Chicago, which was split by reapportionment into two districts. He's expected to move out of the 10th into the other half of the old district.

Scott claimed he had no idea the committeemen were planning to endorse him, but a reliable source reports persons in Scott's camp were advised and didn't dissuade the move.

Until the endorsement, it had been assumed Scott would run again for attorney general unless Gov. Richard B. Ogilvie was wooed off the ballot with a federal appointment.

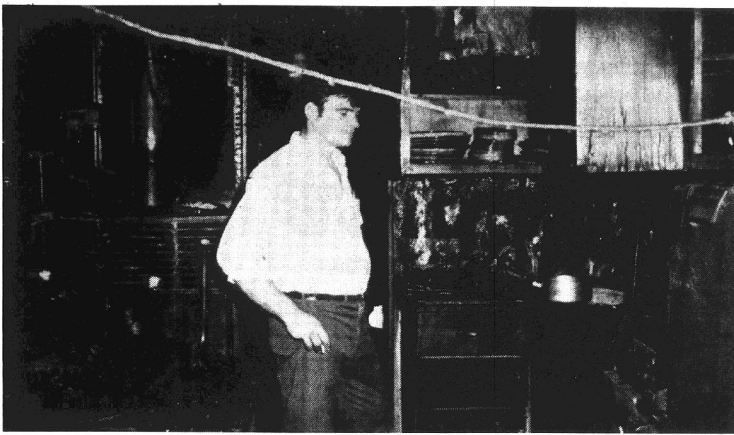

Scott said the whole question of any congressional candidacy is "iffy" because there's a "very real question in my mind" of whether the court-approved Congressional reapportionment plan will stand up on the appeal filed against it.

The attorney general said it would be premature to speculate on what he'd do if the map holds and Crane moves out of the 10th District.

Ex-U. S. Rep. Peter F. Mack of Springfield reports he's not giving serious consideration to running against U. S. Rep. Paul Findley, R-Pittsfield, in the 20th Congressional District.

Mobile Home Destroyed As Oil Furnace Explodes

Mr. and Mrs. James McCool, 2732 W. 20th St., were left homeless after a furnace explosion and subsequent fire destroyed their mobile home at 4:50 a.m. Tuesday.

McCool said his wife was visiting friends at the time and he was lighting the oil furnace when it exploded, burning his eyes and hair. He said the flaming oil spread throughout the mobile home quickly and he was only able to throw out a photograph before being forced to flee.

Within ten minutes the mobile home had been destroyed, he said. Among the items lost was Mrs. McCool's purse containing about \$85. All of the couple's clothing, furniture and belongings, worth about \$5,000, were destroyed. The mobile home was owned by William Thrasher.

The flames also damaged the home of Mrs. Grace L. Smith, 2734 W. 20th St., burning the eaves and part of the roof.

An "All-Star Review and Fashion Show" and the coronation of the new Homecoming Queen and formal presentation of her court will highlight the week of specially planned activities for Homecoming Week at Granite City High School at 8:30 p.m. today in Memorial Gymnasium.

The 1971 Homecoming Revue will feature students modeling the latest fashions, with garments furnished by eight local retail firms; a short local magic shows and monologues, dancing and violin music and two sets of original songs composed by local young people.

Candidates for Homecoming queen were nominated by members of the GCHS senior class. The winner was selected this week in balloting by the entire student body.

Miss Denise Lewis, the 1971 May Queen, will crown the newly-elected queen following the revue.

Queen candidates are Misses Emily Anderson, Camille Bischof, Elaine Gavlick,

Catherine Hennrich, Karen Kibort, Paula Krieschok, Janet Lambert, Paula Mathis, Judy Morris and Joyce Murray.

Escorts, also selected by the senior class, are Jim Birdsong, Gary Bowman, Perry Dillard, Kevin Dyer, Tom Kalert, Dave Raub, Dennis Ross, Stan Stajduhar, Joe Wallace and Bob Wiggins, one of whom will be chosen to escort the new queen.

Merchants who will contribute fashions for the style show Thursday night, include Helman's Style Shop, Leader's Department Store, Lord Nelson Store, Marilyn's House of Fashion, Rich's Ladies Apparel; Stephanie's; Tattler's Boy's and Men's Shop and Schermer's Men's Shop.

The traditional homecoming football game will be played at 8 p.m. Friday between the GCHS Warriors and Belleville East, followed by a school dance in the cafeteria.

Tickets for the revue and coronation of the queen are available from speech students, or may be purchased at the door at 75 cents per person.

Search Intensified For Missing Woman

Search efforts have been stepped up here and in St. Louis for Mrs. Connie Frawley Webb, 39, of 62 Garesche Homes, Madison, who disappeared Sept. 25 in St. Louis.

Her husband, Ranson Webb, told police she left for work in St. Louis at 7 p.m. that evening and boarded a bus at Third Street and Madison Avenue. A friend said she was seen leaving the bus at 12th Street and Washington Avenue in St. Louis shortly before 8 p.m. She reportedly walked toward Snappy Snack Restaurant, Seventh and Pine streets, where she was employed.

Officials of the restaurant said she phoned shortly before 8 p.m. and said she was ill and would not be coming to work that evening. Police said a woman fitting her description was seen on a bus bound for Granite City, but she did not return.

Her husband says she is partially blind from cataracts and wears thick glasses, without which she could not see well. Police are investigating reports of arrests made by telephone to employees at the restaurant for a period preceding Mrs. Webb's disappearance.

She is the mother of three boys: Willie, 2; Jimmy, 6, and Bobby, 8. The older boys are staying with their father while the baby is staying with Mr. Webb's mother.
